- **Operating Systems & Development Environments:** Arch Linux, CLI
- **Version Control & Collaboration:** Git, GitHub
- **IDEs & Tools:** Android Studio, VS Code, IntelliJ IDEA, Jupyter
- **Other Expertise:** REST API Development, PyQt5
- **Design Tools:** GIMP, Photoshop

## EDUCATION

<b>BRAC University</b> <i>Bachelor of Science in Computer Science, CGPA: 3.5</i>	<b>July 2021 – May 2025 (Expected)</b> <i>Merul Badda, Dhaka</i>
<b>Birshreshtha Noor Mohammad Public College</b> <i>Higher Secondary Certificate (HSC), GPA: 5.00</i>	<b>2020</b> <i>Peelkhana, Dhaka</i>
<b>Ideal School and College</b> <i>Secondary School Certificate (SSC), GPA: 5.00</i>	<b>2018</b> <i>Motijheel, Dhaka</i>

## PROJECTS

### BUCC Official Mobile App | Kotlin, Jetpack Compose, Retrofit, Realm, FCM, Dagger-Hilt

- Replaced scattered Messenger groups with a centralized platform, improving task management and internal communication.
- Implemented a role-based contact directory, blog browsing, task management and various other features for improving club collaboration and engagement.

### BracuSocial | Kotlin, Jetpack Compose, Realm, Firebase, Dagger-Hilt

- Developed an offline class schedule planner, allowing users to plan several routines beforehand on the go.
- Enabled students to view friends' schedules, reducing daily inquiries and improving time management along with finding empty classrooms and labs making campus resource utilization more efficient.

### WallpaperWizard | Kotlin, Jetpack Compose, Realm

- Eliminated the tedious process of manually changing wallpapers by enabling one-click application of preselected sets.
- Implemented scheduled wallpaper changes with automatic reversion to previous settings.

### POTholeAI | Kotlin, Jetpack Compose, LiteRT, YOLOv8

- Developed a frontend mobile app for pothole detection using the YOLOv8n model.
- Integrated real-time object detection for road hazard identification.

## EXTRACURRICULAR

### **BRAC University Computer Club**

*Assistant Director of Research & Development*

**Mar '24 – Dec '24**

*Dhaka, Bangladesh*

- Led a team to overhaul the club's recruitment system, transitioning it to a fully digital platform.
- Collaborated with faculty and technical teams to integrate advanced technology into club operations.
